

# ASPHALT REMOVER *Et Cleaner*

## Product Data Sheet

5 Star is an **environmentally responsible** asphalt remover and cleaner that will **safely** break down and emulsify hardened adhered asphalt and asphalt sealers. 5 Star's non-evaporating, insoluble formula will dissolve stubborn build-ups. The dissolved asphalt can then **easily** be removed from tools and equipment with water.

5 Star is paint friendly; safe on all metals and most plastics. The removal agent can be **safely** washed away with soap and water or an industrial cleaner.

5 Star is a USDA Certified biobased product. It is 96% biodegradable. The formula is **non-hazardous** as defined by the United States OSHA Hazard Communication standard. 5 Star will not burn workers' skin. No precautions other than clean body covering clothing is needed.

### Spray Nozzle On A Liquid Asphalt Distributor

Before

After

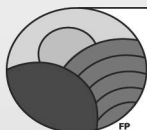

### Available In

Container Volume	Item #
16 oz. Refillable Bottles	AR-16oz
1 Gallon Jugs	AR-1gal
5 Gallon Pails	AR-5gal
55 Gallon Drum	AR-55gal
275 Gallon Tote	AR-275gal

5 Star requires no mixing. It is ideal for Liquid Asphalt Distributors, Pavers, and Seal Coaters. 5 Star will keep your equipment looking new.

Property	Specification
Relative Density	0.880g/cc
Evaporation Rate	.002% in 48 hours
Appearance	Clear to Pale Yellow
VOC Content	NONE

Property	Specification
Weight	7.344 lbs./gal
Odor	Very Mild
Flash Point	>266°F
Water Solubility	Insoluble

USDA  
 CERTIFIED  
 BIOBASED
